

## **Prohibited Practices Article OF THE CLUBRELAX PROJECT BY ALESSANDRO SPECIALE**

Excursion providers shall not, under any circumstances, offer products or services that exploit children, humans, animals, plants, or natural resources (including but not limited to water and energy), nor shall they engage in activities that are socially or culturally unacceptable. The use of child labor or any environmentally harmful practices is strictly prohibited. Providers shall not offer activities involving captive wildlife, except where such activities are properly regulated and fully compliant with applicable local, national, and international laws. Any excursions involving wildlife interactions shall strictly comply with recognized codes of conduct. Providers are further obligated to ensure that any disturbance of natural ecosystems is avoided or, where unavoidable, minimized to the greatest extent possible.
